

SSMC (SCRUM MASTER CERTIFIED (SMC®)) 3

Objetivo

-

Público Alvo

Audience Profile This certification is appropriate for anyone who is interested in working as a Scrum Master or for someone who is already a Scrum master in his organization. Scrum Master is an important role in any Scrum team and need not be a technology expert to be effective. Moreover, although Scrum is popular in the IT industry, it can be used effectively across different industries. The SBOOK Guide, on which the SMC course is based on, can be used as an effective guide for implementation

Pré-Requisitos

Prerequisites There is no formal prerequisite for this certification. However, it is preferable to complete the Scrum Developer Certified (SDC®) certification before applying for the Scrum Master certification. It is also highly recommended to attend a 2-day SMC® classroom training provided by a SCRUMstudy approved Authorized Training Partner (ATP)

Carga Horária

16 horas (2 dias).

Conteúdo Programático
